ARTEM SOTNICHENKO

FRONTEND DEVELOPER / 5+ YEARS TBILISI, GEORGIA

moetazaneta@gmail.com linkedin.com/in/moeta
t.me/tem_kg +996 220 518 825

Frontend developer with 5+ years in FinTech, SaaS, and MedTech. Builds interfaces with React, Vue, and Angular. Focused on performance, design systems, legacy modernization, and mentoring.

01 Experience

TradingView

NOV 2025 TO PRESENT

- Building the Order Panel and Account Manager for Supercharts.
- Led native implementation of the mobile Broker Selection screen with several mobile teams. User satisfaction improved by approximately 10%.
- Led order preset storage migration, preserving existing presets, improving loading speed by approximately 100%, and reducing storage usage by approximately 5%.
- Led order information and crypto order ticket redesigns. Contributed to internal tools, technical interviews, and AI adoption.

Saritasa

JAN 2022 TO NOV 2025

- Built shared React/Vue components and Figma assets, cutting average feature development time by approximately 20% across 10+ client projects. Mentored 10+ junior developers and interns.
- Built an urban infrastructure design system and interactive maps. Improved data-table performance by 40% using virtualization and memoized selectors.
- Led a healthcare monolith migration to Vue 3, TypeScript, and Pinia micro-frontends. Introduced CI/CD and reduced onboarding from 5 days to 2.
- Cut ERP/CRM initial load time by over 50% and bundle size by 66%. API code generation reduced feature development time by 5% to 20%.

Sibdev

SEP 2020 TO JAN 2021

Resolved UI inconsistencies, shipped 5+ shared components, and added multilingual support with vue-i18n.

02 Technical skills

Languages TypeScript, JavaScript ES6+, Node.js, Go
Frameworks / libraries React, Redux, Zustand, Vue, Pinia, Angular, RxJS
UI / styling MUI, Shadcn, Vuetify, Tailwind CSS, SCSS, CSS Modules, Framer Motion
Testing / tooling Jest, Vitest, Playwright, Webpack, Vite, Docker, GitHub Actions

03 Education

Siberian Federal University SEP 2018 TO JUL 2022
Bachelor of Arts, Computer Software Engineering
